## Thank You for Considering Legacy Private Trust in Your Estate Plan

This booklet's goals are:

- To assist you with making informed and educated decisions that will ensure the Legacy you have worked so hard to build is passed on according to your wishes.
- To ensure your estate plan will be implemented properly, in a timely and cost-effective manner by the right people.

There are many important considerations and decisions that need to be made in the estate planning process. With a team whose experience in the trust industry goes back to the 1960s, Legacy Private Trust specializes in the management and administration of trusts, estates, powers of attorney for property, guardianships and foundations for high net worth Canadian families and institutional clients. The following pages will outline how Legacy Private Trust fits into the estate planning process and detail the experience we bring to you.

*Many factors will determine what your plan looks like*

## The Estate Planning Process

A key element to wealth management is asset succession and general estate planning. Four questions need to be asked prior to drawing up a plan:

<b>What?</b>	<ul style="list-style-type: none"> <li>What are your assets, financial values, lifestyles, life skills and legacies?</li> <li>Which of these do you want to pass on?</li> </ul>
<b>To Whom?</b>	<ul style="list-style-type: none"> <li>Who will be the beneficiaries to receive those assets, financial values, lifestyles, life skills and legacies?</li> </ul>
<b>How?</b>	<ul style="list-style-type: none"> <li>How are your assets, financial values, lifestyles, life skills and legacies to be passed on?</li> <li>During your lifetime and/or once you pass away?</li> <li>Directly to your beneficiaries or over time through a trust, charitable foundation or other arrangement?</li> </ul>
<b>By Whom?</b>	<ul style="list-style-type: none"> <li>Who will make sure this plan is implemented properly, in a timely fashion, in a way that maintains family harmony and in a cost-effective manner?</li> </ul>

## What Will Influence Your Plan?

Selecting who is right to implement your plan is just as important as determining the professionals who help to develop your estate plan. Below are some important factors to consider, which will ultimately determine what your plan will look like. Only then will you know who will be qualified and best suited to implement it.

## Why Work With Legacy Private Trust?

### Superior Service

Our team of over a dozen experienced practitioners service only a few hundred clients. This allows us to go the extra distance for each of them. We interview long-term care homes with our clients' loved-ones, sort through papers and photographs when cleaning out an estate home and visit regularly with trust beneficiaries. We have the people, resources and aspiration to go beyond what is typically expected.

### Real Flexibility

Our service offerings are always customized to our clients' specific needs, not based on a one-size-fits-all template. We do not have built-in rigidity in our business practices or procedures. We respond rapidly and adapt to each situation as required. We also easily accommodate clients who want to utilize outside professionals in conjunction with our services.

### True Continuity

We are federally regulated by the Office of the Superintendent of Financial Institutions, have a dedicated team of practitioners, and we also operate with a strong family component. There will always be a core at Legacy Private Trust who understands and has the inside knowledge to handle your legacy. ## Trustee Services

At Legacy we have always been advocates of Responsible Inheritance. To us this means passing your legacy in a way that in practice helps and does not ultimately hinder your beneficiaries.

Trusts are used to determine how assets are distributed during one's lifetime (Inter Vivos) or after passing away (Testamentary). Trusts are the most flexible planning tools in Canada and often require that a trust company (the trustee) provide ongoing management, oversight and administration.

### How Can Trusts be Used?

- To leave a responsible inheritance
- To prevent the misuse of an inheritance
- Tax planning
- Disability planning to maintain government benefits
- Asset protection from creditors
- Asset protection from a relationship breakdown of beneficiaries
- Keep your beneficiaries and gifts confidential
- Reduce probate fees

## Trustees

The roles and responsibilities of a trustee are always contingent on 3 factors: the terms of the trust, the assets involved and the needs of the beneficiaries. Available time, skills and residency impact a trustee's abilities.

## WORKING WITH LEGACY

### STEP 1

#### INFLUENCING FACTORS AND PLAN COMPONENTS

Your first step is to evaluate your assets, values, morals, lifestyle, life skills and legacy that you want to pass on. Then you need to look at your financial situation, family dynamics and beneficiaries. Those factors, coupled with your goals, will determine what components your plan will require. It should always include a Capacity Plan and Will Plan, but often includes a Personal Administration Plan, Legacy Plan and Inter Vivos Plan.

#### WHO IS APPROPRIATE TO IMPLEMENT YOUR PLAN

Major factors for who you choose to implement your plan boil down to time, skills, burden, longevity and liability. If you have concerns about any of these, it is time to give us a call to set up a meeting.

### STEP 2

### STEP 3

#### INITIAL MEETING

Once you have identified a potential need, we would be pleased to meet to get to know one another and to discuss your situation, goals and estate plan needs. At this stage our goal is to inform you of the duties and responsibilities involved in the work we do so you can make an educated decision.

#### PROPOSAL AND QUOTATION

If you are ready to consider including us in your estate plan, we can create a proposal tailored to your needs, outlining where we can add value to your plan. Once this is finalized, we can prepare a fee quotation based on the scope of our role. A fee agreement is signed and a setup fee is paid before work begins with a lawyer.

### STEP 4

### STEP 5

#### DRAFTING LEGAL DOCUMENTS AND FINAL REVIEW

A lawyer of your choosing or one recommended by us will need to draft the documents required such as Powers of Attorney and Wills. Once complete, the drafts are sent to Legacy Private Trust for review by our team prior to you signing them.

#### WORK BEGINS OR SECURE STORAGE WITH PERIODIC REVIEW

If we are administering an immediately active file, we have our team meet with you and other parties involved to set an action plan and next steps. Otherwise, in the case of a Power of Attorney for Property and/or Will appointment, we will lock all documentation, along with your completed Personal Data Sheet, in our secure and fireproof vault. We make sure to contact you every few years for updates on any changes to your situation which may affect your estate plan and our role.

### STEP 6
